

I am very disturbed by the idea of a LPFM station replacing any of the K-Love radio translators in my area. This is the only station of its type available in our area and its loss would be unthinkable. K-Love provides the only source of healthy, family friendly programming on the radio. No other station comes close to providing the uplifting and wholesome message that K-Love provides via its network of radio stations and translators. I do NOT want LPFM stations to take priority over, current FM translators.
